Mitchell Marlin Hockey Available on Mitchell Telecom On-Demand

Mitchell Telecom is pleased to offer Mitchell Marlins' Varsity Hockey games on the company's Video-On-Demand (VOD) Service. The games are available for free to the company's Digital TV subscribers and can be accessed anytime on the VOD service.

"This is a part of an on-going effort at Mitchell Telecom to provide compelling local content and we are pleased to be able to partner with the Mitchell Hockey Association," stated Mitchell Telecom's General Manager Ryan Thompson. "We feel this shines a deserving spotlight on the team members as well as a community association that provides valuable programming to the area.

Mitchell Telecom completed construction of a state-of-the-art communications network to provide high-speed Internet, digital cable television and telephone services throughout the city of Mitchell in 2006. Mitchell Telecom is a wholly owned subsidiary of Santel Communications, a cooperative that has been providing communication services to its member owners in southeast South Dakota for over 50 years.
